Dear Mr. Weisberg,

I listened to your broadcast last night about your books. I have ordered Whitewash I from a local store, and would like to order your latest W.C. I compliment your patience on the air, when confronted with the obvious ignorance some of the callers displayed. It is obvious the C.I.A. propaganda machine have done a good job on their thinking.

It would be most gratifying if your facts could be presented on a National T.V. program - Especially at a time when everyone is being persuaded, shall we say, to alter their original testimonies.

Sorry you don't live in Detroit, it would be so interesting to talk to you in person - I should you ever come

to Detroit, we would be pleased to take you to dinner.

During the program, I kept missing the cost of your new book. I thought one time I heard $4.95. I wish to order two copies, and I am enclosing a $12.00 check. I hope this will cover. If not please let me know.

I wish you success in your search for Truth. It may be hidden for a time, but Truth cannot be changed nor destroyed.

Sincerely

Athalie Dyer
